Plans Hit Fast Pace For Old Settlers' Day

With only two weeks remaining before the great event, preparations for the 64th annual Old Settlers' Day in Campbell on May 4-5-6 swung into high speed this week. While supporters of the six candidates for queen and the four nominees for mother-of-the-year began campaigning zealously for the choices other organizations were busy putting the final touches to their floats that will be in the gigantic parade.

In the meantime the Footlighters were feverishly rehearsing the melodrama that on Friday night, May 4, will launch the three-day celebration.

Indications are that the parade this year will have more musical organizations and marching units than ever before. Ten bands already have signed up plus a number of military marching units. Hundreds of Boy Scouts, Girl Scouts, and Camp Fire Girls will also march in the parade down Campbell Ave. on Saturday afternoon and there will be mounted units featuring some of the best horseflesh in the country.

U. S. Representative Charles S. Gubser this week by telegram notified Sam Cava, secretary-manager of the Chamber of Commerce and George Kemp, general chairman, that he will be in Campbell ond Friday and Saturday, May 4-5, and will serve as parade marshal. He will also speak briefly at the old settlers' luncheon just prior to the parade.

This week two more Campbell mothers, Mrs. Fred (Dorothy) Smith and Mrs. Catherine Haliwel, were nominated for the mother-of-the-year award. Mrs. Herman Rice and Mrs .Clarence F. Helmbold had been previously nominated. Mrs. Smith is sponsored by the Campbell Garden Club and lives at 521 S. San Tomas Road. She was recently elected president of the Garden Club and has been active both in PTA work and the St. Lucy's Mothers Club. All her five children have been graduated from Campbell High School and four of them are San Jose State grads with the fifth slated to be graduated this year.

Mrs. Haliwell, 54 E. Rincon Ave., is sponsored by the Orchard City Grange No. 333. She has been a teacher at the Moorpark School for the past six years plus being a full-time mother to her two sons. She has served two years on the Board of Youth Activities of the Congregational Church and has assisted in Red Cross canvassing in the community.

The six queen candidates include one San Jose State student, Pat Means, one San Jose Junior College student, Danice Solomon, and four Campbell High students, Sherry Robinson, Joan Geist, Lynda Foreman, and Gail Robertson.

On The Line in Campbell

James H. Olds, son of Rev. and Mrs. Corwin H. Olds, of Campbell, recently was promoted to the rank of captain in the U. S. Marines. He is stationed at Quantico, Va. Rev. Olds is a retired brigadier general in the chaplain corps of the U. S. Army. Before entering the service Marine Capt. Olds was graduated from San Jose State College.

Frank C. Iusi, real estate agent, who recently announced that negotiations were pending for the purchase of property on San Jose-Los Gatos Road on which a $400,000 super farmers market is planned, reported this week that in conjunction with the Clayton real estate firm they are leasing space for proposed retail outlets in the contemplated market.

SIX VIE FOR QUEEN HERE

Six pretty Campbell girls this week were in the race for queen of the 64th annual Old Settlers' Day celebration, May 4-5-6. Each was sponsored by a local organization and the winner will be chosen on the basis of the number of tickets sold to the Footlighter production, the old fashioned melodrama, "The Curse of the Aching Heart" or "Trapped in the Spider's Web".

The "melodrammer" will kick off the celebration on Friday night May 4. The queen will receive a special wardrobe and trophy and the other candidates will act as her attendants during the celebration.

Four of the girls are seniors at Campbell High School, one is a

Planners to Hear Zone Change Report Tonight

What the prospect are for changing the present zoning on the east side of San Jose-Los Gatos Road between Hamilton and Campbell avenues should be revealed tonight by the City Planning Commission. The meeting is called for 7:30 p. m. at the Country Woman's clubhouse.

The report scheduled for tonight has been long awaited by residents adjacent to the area who have presented a petition to the commission asking that the present zone of M-1-S (light industry) be changed to either a residential or commercial zone.

Nestor Barrett, city planning consultant, and Commissioners Sam O'Brien and K. D. Priestley are expected to announce their findings as to whether the zone should be changed. In addition to the petition on which were 126 names, the commission has also received instructions from the City Council to study the situation with the view of changing the zone.

Although the city planners have not indicated their feelings on the matter, indications appear to be that the sentiment may be divided.

Some of the members feel that the area should remain zoned for special types of light industry and they also maintain that it is the only area that is suitable now for such types. They claim that industry does not mean smokestacks or unsightliness and point to Sunnyvale as an example of the proper type of control. The recent announcement that a large farmers market may be built in the area may also have some bearing on the case.

On the agenda tonight also is the public hearing on the application by the Trojan Construction Company for a use permit to build a community recreation center at 84 Calado Ave. in Los Ranchitos Gardens subdivision, at the west end of the city off Campbell Ave.

The company is planning a swimming pool, a barbecue area and a play area for the families that will reside in the subdivision. According to local officials, this is the first time in the city's history that a subdivider has planned a recreation center for a tract here.

A report from Barrett is also scheduled as to the cost of preparing official plan lines map of Campbell Ave. and Winchester Road.

Service Station Heads March List

A $20,000 permit for a service station topped the building permits for the month of March when construction permits of all types totalled $57,748

Only two residential units were issued permits during the month. Robert Gates took out a permit for $19,344 to build a four-unit dwelling at 102 Kuehnis while L. C. Wichert was issued a permit for $12,180 for a duplex at 89 Kuehnis.

Other permits included: D. Goodwin, 32 Sanford, $2000 alteration; H. Atkinson, 220 W. Campbell, swimming pool, $2000; Campbell Drugs and Pharmacy, Campbell Shopping Center, sign, $500; A. H. Monroe, 89 N. First St., alteration, $800; and James Corey, 74 Alice Way, workshop, $924.

Little Dutch Miss Finds American School Ways Much to Her Liking

"We get more of a chance to do things by ourselves".

That is the way Judy Butterman, a petite miss of 13-years, explains the main difference between schools in Holland and schools in California. She should know.

Judy, who lives with her parents, Mr. and Mrs. Keith Butterman, at 300 McGlincey Road in Campbell, and her younger sister and two younger brothers, is now in the seventh grade at the Cambrian School, attended school in Holland for her first three years.

She came with her parents, sister and brothers to California in 1953. Her father, a printer in Holland, has been employed by The Campbell Press since May, 1955.

Judy, who talks in a mature manner that belies her young years, in 1955 entered the fourth grade in Ripon, California, the first stopping place of the Butterman family, although the only words of English she knew at the time were "yes" and "no".

That she has come a long way in the three years she has attended schools in California is evidenced by the fact that today she is rated as one of the top spellers in her class.

The young miss likes to read and every spare moment she can find she digs into her books. She reads both Dutch and English ones. But she also likes the big playgrounds that the California schools have. Everything about the playground activities are better here than in Holland, she claims.

She amplified her statement about getting a chance "to do things by yourself" by explaining that there is more regimented control of the classes and other school activities in Holland.

She likes the American way of doing things and her change from a Dutch school girl to an American one has been complete. Hardly a trace of a Dutch accent remains, although both languages are spoken at home, she reports.

Judy was 13 years old on November 1. Her sister Joyce is nine, Billy is seven and Casey is three. Casey was a baby in arms when the family left Holland in 1953.

How well Judy has been able to master the language in the short space of three years speaks well for the California schools and for her. Las year she wrote the following poem, a literary effort that would do credit to a person much older in years.—G. V.

THE REDWOOD TREE

I saw the age old redwood tree,
Its branches long and high.
And as I looked, it seemed to me
Like a giant, tall, upright.
He saw the covered wagons go—
The pioneers so stout and brave.
Did he see Indians row
Their canoes across the lake?
Now he has to be cut away.
New roads men must build.
The tree can live only one more
day.
Then tractors come, the tree'll be
killed.
The last morning I saw him
How straight he stood.
Dew drops on every limb
From the top to the great root.
Listen, the tractors, here they
come!
Trees will be hauled to the saw
mill.
A loud crash, like from a bomb.
And then, the giant redwood fell.

L. W. Harmon Sells Office, Business

L. W. Harmon this week announced the sale of his office at the corner of Campbell Ave. and Second St. to Anthony Raffanti and the sale of his insurance business to A. M. Conley.

Harmon, who at the present time is undergoing surgery in a San Francisco hospital, plans to return to the office after his recovery and assist Conley in the insurance phase of the business.

Conley, who has been associated with Harmon for the past 18 months, will continue to sell and service insurance from the same location. Conley originally established the office in 1945 and operated it until 1948. He returned to it in January 1955 after spending some years in Missouri. Since his return Mrs. Conley has been associated with him in the busines and will contine in the same capacity under the new management.

The property sold has a 54-foot frontage on Campbell Ave. and extends 64-feet in depth. Plans for the development of the corner by the new owner, Raffanti, are still indefinite. He also owns the property and building adjacent to it.

SHE'S STRICTLY AN ALL-AMERICAN GIRL NOW . . . Judy Butterman, 13-year old daughter of Mr. and Mrs. Keith Butterman, 300 McGlincey Lane, now a seventh grader at the Cambrian Schools, spent half (her first three grades) of her young school life in Holland schools. But you wouldn't know it now.—Campbell Press photo.

TAKING OFFICE . . . Dorothy Trevethan, city clerk, swears into office the three councilmen elected in the April 10 election. From left to right, they are John Chargin, Charles Rose and Myron L. Fairchild—Campbell Press photo.

CHARGIN BECOMES MAYOR

Councilman John M. Chargin became the second mayor in the City of Campbell's history on Tuesday night when his fellow-councilmen unanimously named him to the post. Councilman Charles Rose, at the same meeting, was selected as mayor-pro-tempore, the first time such a position has been filled on the local City Council.

Succeeds Morton

Mayor Chargin succeeds Richard Morton who had served as the city's mayor since the city was incorporated in 1952. Chargin and Rose, both who had served for two years, were reelected at the municipal election on Tuesday, April 10. Chargin led the race with 438 votes closely followed by Rose with 418.

The two incumbents, along with Myron L. Fairchild, the other successful candidate at the polls at the election, were sworn into office by Dorothy Trevethan, city clerk, at Tuesday's special meeting. Fairchild received 348 votes to win a seat on the council. Councilman Gordon Daum who was also elected in 1954 but did not run for reelection because of the press of his personal business. Former Mayor Morton and Councilman Jim Arends, who were also elected in 1954, are serving out four year terms and did not face the voters in this election.

The special meeting, which was held at the fire house, was called to canvass the votes of the election, count the absentee ballots (four) install the elected officials and organize the council.

Four Absentee Votes

Chargin and Rose received all the four absentee votes with Fairchild getting two of them and Carolyn Coons Payne the other two.

Upon taking office, Mayor Chargin's first official action was to commend former Mayor Morton for his work as head man in the city from its inception. He cited the unselfish manner in which Morton had conducted his office and the many hours the former mayor had devoted to city business.

"I only hope," the new mayor said, "that I can do only half as well while serving as mayor. I have some very big shoes to fill."

Mayor Morton said in his response that he knew Chargin would serve ably and well. "After all," he added, "I had it a little easier since there was no former administration to compare with."

Councilman Arends who with Morton has seniority on the Council made the motion nominating Chargin which was seconded by Rose and passed unanimously by resolution. Morton nominated Rose for the new position of mayor protempore, now required by law.

Another Meeting

After the special meeting was adjourned the council convened again to name the new mayor as representative of Campbell at the civil defense meeting in San Francisco on Wednesday.

It was also announced that the council would go into its arduous budget sessions starting next week and all department heads had been instructed to present their preliminary budgets to the council at the regular meeting Monday. The budget sessions will be announced at Monday's meeting.

Chargin also reported that he would defer the appointment of two lay members to the newly established Personnel Board until the council meetings in May.

DISTRICT RUNS OUT OF NAMES—NEEDS HELP

Officials of the Campbell Union (Elementary) School District were being compared this week to those story-book parents who had so many children they have to use numbers to designate the youngsters because there weren't enough names to go around

Three schools planned for the district, for want of more suitable monikers, have been given the unromantic labels of "Numbers 12, 13 and 14".

Ordinarily new schools have gone by names of streets. But confusion arises now as more than one school is on the same street. Superintendent William Henley has asked interested residents to come to the district's aid with suggestions for names for the three schools.

He emphasizes this is no contest and no box tops are wanted. Just a card to the district office is all that is necessary.

"Number 12" is located near Pruneridge and Saratoga Road at the west end of Forrest Ave. "Number 13", north of Hamilton Ave. near Los Gatos Creek between San Jose-Los—Gatos Road and Norman Ave. at west end of Blackford Lane. "Number 14" is on Cypress Ave. between Moorpark and Williams Road.

Local Elementary District To Top 6000 Next Year

Enrollment in the Campbell Union Elementary School District is expected to rise above the 6000 mark next year, a gain of more than 800 over this year.

Approximately 27 additional new teachers will be needed because of this increase. Buildings now under construction and additional ones planned should take care of this hike in pupil population, although half-day sessions may be necessary in some schools.

This was reported this week by William C. Henley, district superintendent, who also said that by 1957 the fourteenth school in the district should be in operation.

Construction on the eleventh school in the district, the Sherman Oaks School, consisting of 10 classrooms and two other rooms, is expected to be started in July of this year and be ready for occupancy in January, 1957.

Yet unnamed and still on the drafting board are schools 12, 13, 14. Number 12 is located near Pruneridge and Saratoga Road at the west end of Forrest Ave., and will also have 10-classrooms, an administration office and a multi-purpose room. The site is now under condemnation and preliminary plans have been started. It is hoped that construction can start this August.

Planning has not been started on the other two schools but both sites are about to be acquired. Number 13 is located north of Hamilton Ave. near Los Gatos Creek between San Jose-Los Gatos Road and Norman Ave. at the west end of Blackford Lane. Number 14 is located at Cypress Ave., between Moorpark and Williams Road.

Henley said that it is estimated that there are 9000 homes in the district at the present time with another 830 under construction and many more planned for the future.

ON CAPITOL HILL

By Representative Charles S. Gubser

A glance at a map of the United States may lead to the impression that the huge land area of this continent has been divided up between the 48 States, with the Federal Government retaining only the District of Columbia and a few national parks here and there. Nothing could be more erroneous. The fact is that nearly one-third of the land area of this country is still owned by the Federal Government, and only 71.4 per cent have been ceded.

To be exact, the total land area of the continental United States is figured at 1,442,200,320 acres. Of this total, only 1,030,000,000 have been ceded, making the land holdings of the Federal Government some 412,000,000 acres. Of these, the Defense Department alone holds some 14 million acres, and applications are pending in Congress for some six million more.

During a debate of the military construction bill, my very likeable colleague Clair Engle (D—Red Bluff) said that the total land holdings of the Defense Department in the continental United States, including those applied for, exceed the combined areas of Connecticut, Massachusetts, Maryland, New Hampshire, Delaware, New Jersey and Rhode Island, plus 400 Manhattan Islands and 50 Districts of Columbia.

NEW MAYOR PROPOSES FIRM POLICY

Campbell's new mayor, John Chargin, after being installed on Tuesday night, announced to The Press that he favored renewed action on the annexation front.

He said that during the previous four years of cityhood it has been difficult for the young city to emphasize "aggressive annexation" in face of the multitude of organizational details that of necessity are as much a part of a city as annexation procedures or any other project.

He feels now that the city is on solid footing and can devote more time to expansion of its city limits.

We heartily agree with this policy as stated by Campbell's new mayor.

An editorial of ours which appeared several weeks ago entitled "Nice Guys Finish Last" was quoted by aspiring council candidates. We are pleased that the principles embodied in the editorial also coincide with those of the Campbell City Council.

Our point as stated in the editorial merely is that unless the City of Campbell goes to bat on the annexation front, the City of San Jose will have grabbed all the available territory, spheres of influence notwithstanding.

We pointed out that past experiences indicate that "gentlemen's agreements'' have meant nothing to San Jose's own interpretation of their "good neighbor policy."

Unless an aggressive stand is taken by Campbell and the gloves taken off for a real fight, our young city will be stymied as far as territorial expansion is concerned.

"Nice Guys Finish Last." So let's not be little gentlemen in this battle for survival..

We feel there is no other alternative but to fight back with the same tactics as used by San Jose.

We are pleased then that the City Council intends to do just that.

A JOB WELL DONE

On Tuesday night Campbell got its second mayor in its young history.

From the very start of cityhood, now more than four years ago, only one man, Richard Morton, has been mayor of Campbell.

On Tuesday night he handed the gavel of office over to John Chargin and then took his seat as a councilman. As councilman he will continue to serve the city, for he has two more years in his term.

Former Mayor Morton has served his native city well. Through the city organizational years he has had the patience, the intelligence and the fortitude to withstand the criticisms that have been leveled at him from all sections.

He has continued unwaveringly to do what he thought was in the city's best interests. The results that have been obtained clearly indicate that in almost every instance Mayor Morton has had the correct route in mind.

We appreciated the remark he made when Mayor Chargin complimented him by saying that he knew he had difficult shoes to fill as mayor.

The former mayor thanked Chargin for what he termed "those kind words'' and pointed out that he had been lucky in a way as mayor, because there had been no other previous administration that could be compared to his.

Be that as it may, the fact remains that Campbell, during the mayorality of Richard Morton, has progressed from a city that was only a gleam in the eyes of a few to its present status as a recognized municipality.

We predict that the future will see Campbell advancing on every front. We foresee a city of which we can all be proud.

We maintain that the solid groundwork that has been laid during the administration of Dick Morton will stand the city in good stead in the future.

Former Mayor Morton can well be proud of the service he has given the community in which he was born.

The entire city should also be proud of what he has done and should be pleased that he will continue to serve as a councilman.

The post-election situation in Campbell is certainly a contrast to that of San Jose where the write-in votes Emery K. Delmas have stirred up a real mess.

In some cases San Jose election board officials apparently thought that it was necessary for the voter to stamp an X after writing in Delmas' name. They didn't think that merely writing the name was enough. Subsequent legal opinions, however, have ruled that the X was not necessary. Delmas needs 213 votes to make the grade for the run-off, so any ballots that were tossed out because they lacked an X could conceivably make up the difference.

—o—

In Campbell not only was the pre-election campaign of a very quiet nature but the post-election atmisphere has also been calm and undisturbed. In a way we are sorry that no more excitement was generated, either before or after, but we certainly wouldn't want San Jose's hassle transplanted here.

Let 'em settle it in their own way. At least this is one problem where our big neighbor has to get out of difficulties without our help.

As a matter of fact we are happy in a morbid sort of way to see San Jose stew in its own juice.

—o—

We cooperated with the San Jose radio station, KSJO, on election night in putting the returns over the air. In turn we had excellent cooperation from our own election officials in getting the reports.

All four of the precinct inspectohs, Mrs. Hazel Gilliam at the high school, Mrs. Maxine Whitten at the grammar school, Mrs. Velma Olds, at the fire house and Mrs. Irene Jetton at the Baptist church, were helpful to us, as we dashed around trying to get all the reports complete for the first broadcast scheduled at 8:10. We are much appreciative of their aid.

Mrs. Jetton, for example, had finished counting before we had hit her precinct and she had graciously taken the time to make up a list for us.

We went on the air again at 9:10 p. m. from our office. (This "going on the air'' sounds more complicated than it really is).

No elaborate mikes and wires were set up or anything like that. All we did was pick up the phone and call the station and our conversation with announcer Gordon Greb was picked up and broadcast.

At the 9:10 airing, Mayor Dick Morton and the three newly elected councilmen John Chargin, Charles Rose and Myron Fairchild, were in our office and were interviewed also from our "studio".

—o—

One of the fastest responses to a radio broadcast was recorded also that particular evening. Dick Morton had barely finished his spiel in which he criticized the voters for their apathy in the election (only 670 had bothered to vote) when in walked a local resident.

The guy wanted something definitely understood. And he had a good point. He said he was coming home from work and had the radio on. He heard the broadcast and Dick's remarks, so he drove right up to The Campbell Press office. He wanted to answer the mayor in person about why there was such a small vote.

"I'll tell you why," he said, "there is a large group of people who haven't lived here long enough to be eligible to vote."

He claimed that he knew of at least 60 families who had moved to town recently and, of course, couldn't register in time to vote in the election.

His point was well taken about future elections. But how about those who are already on the rolls?

How come they didn't bother to cast their ballots?

And there are 1700 of that group, according to the register. Where were they?

—o—

Ed Merrill, Campbell City Treasurer, lives adjacent to The Press on Campbell Ave. Among his activities he is in charge of the renting of the Odd Fellows Hall on Campbell Ave. and First St.

He thought he had a real mystery recently which he had tabbed, "The Case of the Missing Chairs".

A number of chairs and tables disappeared one week end from the hall. This worried Ed considerably, for he didn't know who had taken them.

The chairs were there when a couple of organizations had met in the hall but when Ed checked next day the chairs were gone. He reported it to the police but no clues were found. On the surface it looked like an inside job. But that was about all.

It turned out that it was an inside job but strictly without any criminal intent.

It just happened that a member of an organization that meets there regularly had a special party going on in her home and she needed extra chairs. She couldn't find Merrill to tell him about it but felt it would be O. K. It was. So the mystery of the disappearing chairs was cleared up.

But just between us, we think Ed was a little disappointed that he didn't have a real "whodonit" on his hands.

ROTARY HEARS 'OILY' TALK

"Exploration and Production in the Oil Industry" was discussed by E. A. Hartsock, Standard Oil Company representative, at Campbell Rotary meeting last Monday.

Hartsock traced development of oil from prehistoric times, explaining how it was formed in the earth. He went on to relate how easy it was to discover oil in the past century and how difficult it is to find new oil wells today and the increased cost of drilling for oil at the present time.

DON'T BE STAMPEDED!

There IS opposition to the so-called "oil conservation" measure being circulated in California

Its promoters are Standard Oil, Richfield Oil, and several other major international oil companies with

HUGE ARABIAN OIL INVESTMENTS

They have already spent several million dollars to propagandize their scheme. They are planning to spend millions more to put it over at the November election.

WHY?

In the public interest?

Or in their own interest?

Why did they by-pass your representatives in the State Legislature?

Were they afraid that committee hearings and floor debate would expose their "conservation" bill as a greedy and arrogant OIL CONTROL device to give them MONOPOLY over the oil business in California?

Why didn't they consult the hundreds of small independent California producers, refiners and marketers?

Was it because they want to choke off competition from the independents? If the independents are throttled, won't the major international oil companies flood California with Arabian oil and line their pockets with fabulous profits?

HOW WILL OIL CONTROL AFFECT YOU?

What will it mean to the property owners of California?

How many California workers will it throw out of jobs?

What will it cost the State in wealth and taxes?

THE CALIFORNIA OIL INDUSTRY OPERATES TODAY—AND HAS OPERATED FOR YEARS—UNDER STRICT STATE CONSERVATION LAWS. THESE LAWS ARE THE BEST IN THE NATION.

YES, *there IS opposition to this OIL CONTROL scheme; and there will be growing opposition from an aroused public when the true story is told.*

Don't be STAMPEDED! Get the FACTS! Don't be MISLED!

SUTTON HURLS ONE-HITTER IN FREMONT TILT

Bob Sutton, star hurler on the Campbell High baseball nine, turned in a one-hit (a home-run) performance against Fremont High of Sunnyvale last Friday afternoon when the Bucs grabbed undisputed possession of first place of the Santa Clara Valley Athletic League. The score was 6-2.

Sutton fanned 15 and walked two. Carl Moskalik of Fremont got the distinction of getting the lone hit off the Buc hurler when he slammed the four-bagger in the fourth inning.

A five run rally by the Bucs in the top of the sixth on four hits, three Indian errors and a passed ball put the game away for Campbell. Pete Castellanos slammed a double in this frame for the heaviest slam.

Frank Koontz, Buc third-baseman, grabbed two of the seven hits for the locals and scored two runs while J. Palma, Indian second-baseman, got the other run for the Indians.

Others scoring for Campbell were, Musladin, Daniels, Magliocco,Castellanos, and Cordova.

DIAMOND MENTOR . . . Mel Stein, baseball coach of Campbell High School, piloted the Bucs last year to their first league championship on the diamond since the Santa Clara Valley League was formed. His team this year is leading the field is favored to win the bunting again. Stein expects to leave the coaching field after this season and will leave with an enviable record that will be hard to touch.

There are 18 national forests in California comprising 19,942,252 acres.

Buc Spikesters Take Fremont in Trackfest, 65-57

Campbell High School's relay team (Cordona, Sweet, Alvarez, Nielsen) came to the rescue last Friday afternoon to provide the necessary points for the Bucs to shade Fremont 65-57 in a Santa Clara Valley Athletic League dual track meet. The victory made it four straigt for the local spikesters.

Russ Cahill helped the cause to a great extent when he made his best time of his life to win the hop-step and jump with 40 ft. 7½ inches and then the discus with a heave of 127 feet, 8-inches.

Another double winner for Campbell was Monty Nielsen who took the 100-yard dash in :10.1 and the 220 in :21.8. Mike Profit came through in his usual manner and tossed the shot 54-feet for his best of the season. Other first place winners for Campbell included, Cardona in the 440 at :53.5 and Dial in the high jump with 5-feet, 9-inches.

Other Buc point winners were, Alvarez, 3rd in 100; Cureton, 2nd in 440; Hoffman, 2nd in 880; Reeder, 2nd and Tyrell, 3rd in the mile; Clark, 2nd, and Sweet, 3rd in the high hurdles; Clark, 3rd in the lows; Clark, 3rd in the broad jump; Christiansen, 3rd in the pole vault; and Boone, 3rd in high jump.

Fremont swept all three of the lightweight divisions, winning the Bees, 88-37; Cees, 75-20 and the Dees, 46-40.

Washington Next!

Campbell High School's fast-stepping baseballers meet Washington High at Centerville this afternoon in another Santa Clara Valley Athletic League encounter.

Campbell is in undisputed first place in the conference with a 3-0 record and has reached the half-way mark for the season. Should the Bucs hurdle Washington, their two remaining games are with clubs now resting in the second division.

Coach Mel Stein plans to use his star pitcher Bob Sutton against the strong Washington Huskies. When Sutton turned in his one-hit performance against Fremont at Sunnyvale last week, it was reported that four major league scouts were in the stands watching him.

Bucs Show Heels!

Campbell High School's spikesters hold seven "best" marks in the current Santa Clara Valley Athletic League dual meet competition.

The Bucs have a 4-0 record in dual meets so far and meet Mountain View this Friday at the Campbell oval. James Lick in the "crucial" comes here next Wednesday, April 25.

Monte Nielson's 21.8 in the 220 against Fremont is a new Campbell record and just four-tenths off the SCVAL record of 21.4. Hector Cordova with 53.5 in the 440 leads the league as does Mike Profit, of course, with his 54-feet in the shot-put. Russ Cahill's mighty come-through heave in the discus last week against Fremont of 127-ft. 8-inches broke the SCVAL record.

Max Kinsey holds the SCVAL polevault best so far with 12-ft., 1½ inches and cleared 12-3 against Fremont in an unofficial try after winning with 11 ft, against Fremont.

State School District Income Hits $828,870,475

"The combined income of California's 1942 school districts for fiscal year 1954-55 amounted to $828,870,475—or more than four-fifths of a billion dollars," Robert C. Kirkwood, State Controller, announced this week.

Assessed valuation against which local taxes are levied for the 1595 elementary, 236 high school, 22 junior college and 89 unified school districts is reported at $37,473,445,961. The figures were released in the Controller's sixth annual report of financial transactions of California school districts.

There is a total of 23,293,000 acres of forest land in California.

DOES IT AGAIN . . . Bob Sutton, star pitcher on the Campbell High Baseball nine, allowed only one hit in the game with Fremont and only a total of three hits against the best hitting clubs of the Santa Clara Valley Athletic League. He was the leading pitcher in the circuit last year when Campbell was co-champion and is staging a repeat performance this season.

CAMDEN SCORES WIN IN TRACK

By ringing up 64 points Camden High won a triangular track and field meet over Sunnyvale and Los Altos on the Camden track. Features of the meet were the performances of two Camden track men, Ramos who ran the 220 around a turn in :24.1 and Rocha who won the 440 in :55.9, Ramos who won the 100 in :10.7. and Rocha the hop-step-and jump at 36-feet, 9¼ inches.

The Camden relay team (Sorenson, Rice, Rocha and Ramos) won the event while Murphy won the shotput with 37-feet, 10 inches for the other first place winners for Camden.

Los Altos tallied 44 points for second, and Sunnyvale trailed with 38. Camden also won the B meet with Sunnyvale winning the Cees and Dees.

All three of the schools competing are in the first year of competition and only freshmen and sophomore students made up the entries for the events.

This is totally undenominational. Public invited. PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

REMINDERS

1. Start those Tuberous Begonias now for that shady corner.

2. Warm weather vegetables such as Cucumbers, Squash, Beans, Corn, Tomatoes, Peppers and Egg Plant can now be planted.

3. All types of container grown shrubbery and shade trees can now be planted.

4. A small garden plot devoted to strawberries will pay dividends. The average family needs about fifty plants.

5. Cyclamen should be used more as a bedding plant in Part Shade.

Lawn Care

A smooth, green lawn, healthy and vigorous, is something that must be attended constantly. Spring days are a fine time to spruce up your lawn and prepare it for the long hot summer months ahead.

Irrigating is an extremely important part of lawn maintenance and the most beneficial method is to water slowly and thoroughly. Let the sprinklers run until the water begins to run off. Turn the water off for a while and then repeat the process again.

Proper mowing of your lawn will also effect its well being. In general, says the California Association of Nurserymen, young lawns should not be cut closer than one and a half inches. In extremely dry weather leave the clippings on the lawn for they will dehydrate quickly and add to the organic matter in the soil.

Fertilize regularly with a nitrogenous fertilizer, applying just enough in a uniform manner when the grass leaves are dry. Water immediately afterward. You can apply fertilizers in liquid and dry forms or use the various mixtures in chemical and organic form.

—o—

Spring Pest Control

Control of garden pests were difficult prior to World War Two; however, the insecticides which have appeared on your nurseryman's shelf since that time have made control of most insects a simple matter.

To rid yourself of earwig trouble, first be sure you have no rubbish, boards, or paper stacked around in your yard and garden. This is where earwigs spend the daytime hours and gather for their night time meals of leaves, flowers and vegetables. The best control is to dust or spray with chlordane and lindane or Malathion. Also you can place rolled up paper or sacks near the known feeding areas.

For slugs and snails (indicated by slimy trails and tattered foliage) control either by hand, looking under rocks, leaves, boxes or on plants or lawn during the night when they're feeding, or by baits, such as meal or pellets. You can also dust with arsenates.

Go after cutworms with baits or dusts of DDT, DDD and arsenates. All these baits and dusts can be obtained from your local nurserymen. Check over your garden now to make sure you haven't already been invaded. Bait new garden beds to prevent future trouble.

Container Grown Shrubs

Along with the approach of summer comes the opportunity of trying new types of gardening. For this season, the California Association of Nurserymen suggests planting summer blooming shrubs in containers.

Shrub gardening in containers can be conducted indoors or out with no end to the variety of opportunity open to you. Possibly the most popular form is the shrub planted in a tub but shrubs may also be inset in a terrace or patio floor, planted in raised beds, hanging baskets or against and spilling over walls.

The advantages of container gardening are many, particularly if your patio and garden are being used more and more frequently as a living area, therefore requiring greater paved space for chairs and benches. With less actual gardening space available, move your plants and shrubs into containers. Not only are they just as easily cared for in this form but you may also move them from place to place depending upon your spaceneeds. Keep your containers small enough to move easily.

Independent Oil Firms Hit Motive Of Major Outfits

Independent California oil producers this week challenged the so-called oil and gas 'conservation' initiative as a "selfish and arrogant oil control scheme by major international oil companies to strangle competition and flood the State with Arabian oil imports".

The blunt accusation was made in a statement by E. G. Starr of Los Angeles, president of the Association of Independent Oil Producers.

Starr charged that "Richfield Oil Corporation, Standard Oil Company and several other international importing oil companies owning vast Arabian oil concessions are pouring millions of dollars into a campaign to influence the voters in favor of the initiative."

He added: "This initiative came from the same nest that hatched two previous oil control bills overwhelmingly rejected by the voters in 1932 and 1939."

The charge that the 'conservation' measure is a disguised oil control scheme was repeated this week in statewide newspaper advertisements published by the Association urging the public not to be "stampeded" into supporting it.

The grouse is known for its drumming sound caused by beating of its wings against its body.

PG&E NAMES NEW MANAGER

Lamont J. Brundige, manager of the Sacramento Division since 1946, has been appointed manager of the Pacific Gas and Electric Company's San Jose Division to succeed the late William R. Bowler, the Company announced this week. Mr. Bowler committted suicide at the Campbell substation last week.

L. J. BRUNDIGE
. . . PG&E Manager

Brundige will assume direction of the region from Burlingame to Watsonville and Gilroy and will be succeeded at Sacramento by Richard L. Hayden, manager of customer and community services, headquartered in San Francisco. The appointments are effective immediately, according to Shermer L. Sibley, PG&E vice president and assistant general manager, who made the announcement.

The San Jose position will be Brundige's third as division manager. His first was at Chico, where he managed the DeSabla Division from 1944 to 1946, until his elevation to the Sacramento office. A graduate in electrical engineering of the University of California in 1923, he joined PG&E that year as a power and illumination salesman in the North Bay Division.

By 1927 he was superintendent of new business for the division (a title later changed to "division sales manager") and he became the Sacramento Division sales manager in 1928. He remained in the latter position until being named the DeSabla Division manager in 1944.

Brundige established a lengthy record of public service in the Sacramento Valley. He was the 1943 president of the Sacramento Chamber of Commerce and also served as president in other years of the Lions Club and the Executives Club.

Bertha M. Rice Honored at Tea

Mrs. Bertha M. Rice was special guest at the Authors Tea held recently at La Mirada, Saratoga home of Mrs. Norma Youngberg, when writers from all over Santa Clara Valley and the Bay Area attended.

BERTHA M. RICE
. . . Author

Mrs. Rice, who lived in Campbell for two years shortly after coming to California from her native Iowa in 1895, has included some of her former acquaintances from Campbell in her recently published book, "Women of Our Valley". Mrs. Ida Price, who passed away earlier this year, and who was first president of Campbell Country Woman's Club, was cited in her book for her contribution to this community. Mrs. Edna Smith, former owner of the Campbell Press, was also included.

During her stay in Campbell Mrs. Rice was active in the Suffragette movement. Her only son, Roland, was born in Campbell.

Mrs. Rice was well known in the valley for her efforts to preserve native wild flowers in this area and other parts of the state, and her book on California wild flowers has been widely recognized as an authoritative book on the subject.

Mrs. Rice wrote her latest book, "Women of Our Valley" while convalescing from a fractured hip. She is now engaged in writing another book.

Her sister, Mrs. Jesse B. Collins, is a long-time resident of Campbell.

MORELAND MUSINGS

Pack 39 of the Cub Scouts under Cubmaster Allen Hardesty is planning to enter a marching unit in the Old Settlers' Day parade. They are also planning active participation in the Scoutarama to be held on the County Fair Grounds May 18 and 19. They will have a booth where various cubs will demonstrate various methods of printing. There will be boys with linoleum blocks, others demonstrating spatter printing, potato prints, and all the various craft prints suitable to their age group.

In June the pack will put on a bicycle rodeo on the Moreland school grounds. Details will be announced later.

The sign post at Bucknall and Quito has been turned so that Quito appears to make a sharp rightangle turn down Bucknall.

Bucknall-El Quito Park PTA president Annette Riordan is travelling to the Sacramento convention with Velma Holmes, PTA president of Campbell Union High School.

The two women will room together at Sacramento, and are looking forward to a weekend of fun and inspiration, with plenty of new ideas to bring back home.

The entertainment committee of the Citizen's Advisory Committee of Moreland School is planning a program in the near future.

Chairman Mrs. Leroy Smith, Mmes. Marian Pankowski, Frank Mortara, and Russell Rinaro are meeting this week to discuss the details.

SAN TOMAS SUMMARY

Herb Houghan has a new job with Pacific Plywood in Salinas. His family will stay here until school is out, then they will join him. Boy Scout Troop 30 is now without a scoutmaster. Someone with scouting experience is needed to take his place.

The Boy Scouts were accompanied by 11 fathers on their annual father-son hike and camp out. Senior patrol leader Wayne Reed and John Hancock, Doug Wilson, and Michael Hartman of the Boy's Staff planned the trip. Patrol leaders Roger Miller, Doug Austin, and Jay Bullock helped insure the success of the week-end as did Scoutmaster Ken Wilson, who rallied to the aid of the troop, in the absence

When you see the San Tomas creek dry it is because the diversion ditch is being repaired, according to J. Robert Roll, engineer for the Water Conservation District.

The San Tomas Improvement Club met for a social evening last Thursday, at the rumpus room at the home of Fred Smith. The proposed sanitary district, or sewer project, was discussed, and some members signed the petition individually. Those interested in signing it can get information at the grammar school.

Sharon Jones, who was badly burned a few weeks ago, continues to improve. She will probably be out of school another couple of weeks, however.

Girl Scout Troop 229 will have a marching unit in the Old Settlers' Day parade. They are still receiving congratulations on their home made Easter eggs. With spinach, onion and beets they created color combinations that were the envy of the neighborhood. Troop leader Mrs. Orrin Lawson refuses to reveal their parade plans.

The Brad Strobells are flying to Madras, India, the end of the week or early next week. Sandra, Susan, Jimmy and Danny, together with Mrs. Strobell, will take a plane at the San Francisco airport to join Strobell, who has been there since January.

Strobell is a "Point four" employee of the Indian government teaching heavy duty equipment—earthmovers and the like. He has had similar assignments in Arabia, Okinawa, Japan, and the other islands, but, for one reason or another, his famly has been unable to join him on these earlier assignments.

The Strobells expect to be in India at least a year.

HIGH STUDENTS PLAN DANCES

The two most important remaining "dance dates" at Campbell High School this year are tomorrow night, Friday, April 20, and another Friday night in four weeks, May 18. Tomorrow night, the seniors will enjoy their "ball" in pink and silver decorated gardens dancing to the music of George Lynch and his orchestra at San Jose's Mary Ann Gardens. Bid chairman Willy Creek reports a great demand for bids.

As always, the biggest social event of the high school year, will be the Junior Prom. Representatives of junior English classes are still weighing "themes" and "decorative schemes". They considered "Midnight in Paris", but decided it was too much like the senior slogan, "April in Paris". Other current theme possibilities include 'Pink Champagne", "Floral Fantasy", and "Springtime".

CONCERT, APRIL 27

All of Campbell High School's musical organizations, orchestra, band, glee club, and choir will join in the annual Spring Concert on Friday night, April 27. All proceeds will go toward necessary musical equipment: choir robes and stoles, festival fees, robe cleaning, band uniforms, and honorary awards.

QUITO QUORNER

The Great Toussaint, resplendent in white tie and tails, put on a magic show for the Quito children. He cut John Carr in half with a piece of string. He made Jackie Greensides float in the air. He made Teddy Raymond cough up goldfish. He pulled handkerchiefs out of thin air. A dove disappeared into a box. When the box was folded flat, the dove was not there. The cafetorium was crowded both for the afternoon and evening show.

The kindergarten classes of Quito School were guests of the Southern Pacific recently. Mrs. Doris Hubbard, kindergarten teacher and Mmes. Ray Spiker, F. W. Shriver, R. J. Clark, Minor, Margaret Christiensen, and R. J. Leonard chaperoned 64 children on a trip to the Southern Pacific depot in San Jose.

Yardmaster Albert Levin makes up special trains on Monday and Tuesday. The switchmen are alerted about 9:30, and the children ride the train from the San Jose Station to College Park and back. Stationmaster George Dorsa told the group that over 3000 children were given rides on the train last year.

The Quito orchestra teamed up with the San Tomas orchestra to play at the Music festival at Santa Clara High School Saturday. The School bus left Quito at 7:30 A. M., then picked up the San Tomas musicians. The orchestra played at 9:15, and the children were home by 11:00.

Bill Tennison had a wonderful trip to Disneyland. He saw Frontierland, Adventureland and Tomorrowland. Bill especially liked the ride on the river boat.

Quintuplets were born to Holly in the Glenn Majors household. Holly is the Majors' purebred beagle hound, and the whole neighborhood has been following her welfare with interest. She is such a tiny dog, she had to go to the veterinary hospital for obstetrical assistance. However all her pups were born alive, and mother and offspring are doing nicely.

Mrs. Vernon Grutts was hostess to the Sew and So Club last week. Mmes. Lloyd Clawson, Rube Cozart, Leo McManus, John Wallace, Bruce Hamilton, Aaron Wheeler, Matt Smith, Vincent Cristafi, Ray Spiker, Tom Stevenson, James Steele and Thelma Medska were among those who gathered to sew, enjoy date bread and coffee, and visit with their neighbors.

Mrs. Bruce Hamilton will be hostess for the next meeting on Monday.
